

# Urgent Care Association of America

**Roy Gerber, MBA**

Roy K. Gerber is a Senior Principal who joined RYAN Associates in 1999. Mr. Gerber has 30 years experience with a broad base of expertise across the occupational health continuum in both the for-profit and not-for-profit sectors. He has developed a national reputation for development and implementation of innovative occupational health products, sales, and marketing. Mr. Gerber contributed a chapter to the occupational health text *Occupational Health Services: A Guide to Program Planning and Management*. He was a lecturer at the University of Cincinnati College of Medicine occupational medicine mini-residency (short course).

Prior to joining RYAN Associates, Mr. Gerber was Regional Vice President, responsible for joint venture development and business development for a leading national network of occupational health centers. Mr. Gerber also built the nation's largest hospital-based occupational health service line that included a network of seven occupational medicine clinics, on-site services, industrial rehabilitation, health promotion, behavioral health, managed workers' compensation, and commercial and corporate fitness services.

Mr. Gerber is a graduate of the University of Cincinnati and holds an MBA from Xavier University.
